

Finally! The book you've been waiting for – available December 5th – just days away!

July 1996, during an extraordinary out-of-body journey through the Milky Way and other galaxies, Patricia Cori was reconnected and attuned to a group of inter-dimensional light beings that she and her many readers came to know, through the first Sirian Revelations transmissions, as The Sirian High Council. During her remarkable mission as their Scribe, she has shared the insights of six-dimensional Sirian Light Emissaries through the books and teachings that have transformed readers over the past decades. Now, twenty years from the date of the first transmission, Cori shares new revelations that affirm the veracity of past prophecies and transmit new visions for the human race as we ascend through the outer reaches of the fourth dimension into new levels of conscious awareness and parallel realities as we prepare for our imminent emergence.

“Infinite in its extent, The New Sirian Revelations presages a planetary renewal that significantly and convincingly bridges the cosmos and the collective consciousness of our global human community.”
—Michael Bernard Beckwith,
founder of Agape International Spiritual Center and author of *Spiritual Liberation*

Called a "real-life Indiana Jones" by fans and readers around the world, Cori is one of the most well-known and established authorities on multidimensional realities that challenge the status quo. Her messages from distant realms empower readers to look at the dark side, to understand it, but to focus on the light for all humankind and the earth. In this new book, the Sirians once again hold us to our responsibility as guardians of this planet, with sound direction and advice for how to get through these shifting sands of our transition. Their discussions delve into many of the most crucial issues of our time, including the merging of human mind and artificial intelligence, exoplanetary migration from the earth and what that means to planets that will receive us, coming clean about cloning, the care and feeding of the human being, and the slipping of time as we know it. As the struggle between darkness and light is being fought at every level, Cori reminds us to take comfort in the fact that the Sirian High Council foresaw and told us how this time of immense upheaval would be the last phase of our passage out of the darkness and into the light of far more illuminated states of being.

In my life, travel has always been the ultimate education for my heart and soul, the joy-raising experiences that have everything to do with who I am and how I interpret diverse and the wonders of the earth: the people, animals, nature.

Perhaps that is why I have spent the last two decades leading people on sacred journeys to very special places, soul questing the mysteries and the wonders of our passage on the GREAT PLANET EARTH. And no doubt, for as long as I am in explorer/warrior mode (probably forever!), these journeys will continue.

Two exciting programs are in place for 2018 and plans are in the making for 2019, so have a look at what I've got cooking and take the leap, if you can, into the magic. Remember: [the journey of a thousand lifetimes begins with but a single journey....](#)

Swim with wild dolphins in the Atlantic Ocean!

The program kicks off with a two-day intensive workshop, rekindling the memory of Atlantis, crystal knowledge and the connection to the Cetacean world, followed by all the wonders and beauty of this paradise island – in the Azores, Portugal. Book before Dec. 31 for special advance booking discount.

Discover the magic of Sacred England & the Crop Circles

There exists a magical kingdom in Sacred England where Merlin can be seen stepping off the mound of the Glastonbury Tor... of elves and faeries, where you can still breathe Camelot into your soul. I hope to see you, in the standing stone temples, and the mysterious crop circle formations....

To receive the full itinerary for either or both of these exciting programs, please write me at patriciajcori@gmail.com, specifying which program you are interested in...

Surely, if you join me and other like-minded souls on one of the two exciting programs of 2018, we will have heady conversation and exchange on those very topics covered in the book – and beyond!
